

TEEN PROGRAM IN QUITO-ECUADOR

Program description:

During the summer months from June to August we offer a Teen Program, which is specially designed for students from 14 to 17 years of age.

The program consists of 20 hours of Spanish classes per week in a small group, from Monday to Friday. Every afternoon students participate in activities and get to know Quito and its surroundings. These fun activities include soccer games, movie nights, ice skating, dance lessons, and visits to tourist attractions like local markets, the Cathedral and the Equator. Local students accompany the group to ensure a real cultural exchange.

On the weekends we take the students on fully organized excursions to places such as Cotopaxi National Park, the Cloud Forest, and the Otavalo Indigenous Market. On all excursions and activities the students are accompanied by a local guide or a representative of the school and are supervised at all times.

Accommodation is provided with local host families so the students get fully immersed in the Spanish language, while getting to know the culture of our country and our incredibly warm-hearted people. ***This is a unique opportunity to make friends for a lifetime from all over the world !!***

Program availability: June 6, 20; July 4, 18; August 1, 15
