

Kindergarten Volunteers

Highlights

- Working alongside the young children and seeing their smiling faces as you teach and play!
- Offering much needed support to the hard working staff at the kindergartens – a very rewarding experience is guaranteed!
- Working alongside local people and learning more about the real Bolivian way of life away from the tourist trappings.

About The Project

The project works with four kindergartens that are all under resourced and desperate for volunteer support. Many of the children the project cares for have all ready had difficult backgrounds despite their tender age – for example children from extremely poor areas of Sucre, those with disabilities, those whose mothers are currently incarcerated and those whose parents have left the country in search of a better means of life. Most of the children are between 4 and 6 years old.

Volunteer Role

The first Monday at the Academia is an orientation day. All new students and volunteers go on a city tour of Sucre to get to know the city and learn how to get around and use the public transport system. In the afternoon there's an information session in which you will learn about the Academia, as well as about important issues such as security, do's and don'ts in Sucre, accommodation, volunteer work etc. Your volunteer placement commences on Tuesday of the first week.

Your role as a volunteer will be busy and varied! You will act as an assistant to the teacher, offering educational support in mathematics, languages, reading and writing. You will also arrange singing, dancing,

games, sports and arts for the children. If working with the disabled children, you will help to develop didactic learning materials for them.

Location

The kindergartens are within a 25 minute walk of the Academia in Sucre.

Sucre is a beautiful city set in a valley and surrounded by low mountains. It has a rich colonial heritage and is also known as 'the white city' due to its numerous colonial buildings, all of which are painted white and topped with shiny red roofs. In 1991, it was granted 'UNESCO Cultural Heritage' status.

Sucre is home to many museums, a lively central plaza, shops, bars and restaurants. Locals and visitors alike are also attracted to markets where food, textiles and an assortment of other products are sold in barter fashion! The charming colonial town and its nearby villages feature a sizeable indigenous population and they have managed to maintain their customs and colorful dress.

Accommodation

You will stay either at the student residence or with a host family. Host family accommodation includes a private room, breakfast, dinner and laundry service. Singles, married couples and parents with children can all be accommodated. It is also possible to stay in a student residence – one is located within the school grounds, and there are two very nearby. Here you will self cater - there are shops and markets very nearby and a fully equipped kitchen.

Requirements

Volunteers must be able to commit to at least 4 weeks at the project in order to build up a trusting relationship with the children and staff.

All volunteers must hold a high intermediate level of spoken Spanish. If your Spanish is at a lower level, you must join our Spanish language school prior to commencing your volunteer work.

When choosing to volunteer in a developing country such as Bolivia, it is important to remain flexible as the needs of the project are constantly evolving. This is what makes volunteering so rewarding – the fact that you are on hand to lend your support when and where it is needed. By choosing Academia Latinoamericana de Español you will have a comprehensive safety network behind you as we are here to help throughout the duration of your entire stay!
